

WYLT-X Tire Pressure Gauge

WYLT-X Tire Pressure Gauge is used to measure the pressure of tires on a vehicle. Since tires are rated for specific loads at certain pressure, it is important to keep the pressure of the tire at the optimal amount. Tires are rated for their optimal pressure when cold, meaning before the tire has been driven on for the day and allowed to heat up, which ultimately changes the internal pressure of the tire due to the expansion of gases. WYLT-X Tire Pressure Gauge is specially designed for automobile tire pressure measurement purpose. With copper thickened reinforced quick chuck, it can quickly connect and disconnect tire nozzle without air leakage.

Technical Specification

Size: 2"(50mm), 2.5"(60mm)

Pressure Range: customized

Socket: Brass lower mount or TM

Connection thread: With release pressure button and hose (valve)

Tube: Copper alloy

Case: Black steel or Plastic

Sheath: Rubber

Bezel: Press-on

Window (Lens): Acrylic

Dial plate: Single or dual scale (psi, kpa, mpa, bar, kg/cm²)

Accuracy: 2.5% (pointer analog), 0.5% (digital)

Ambient temperature: -40°C to 60°C

Pointer analog type

Features:

Automobile mechanical tire pressure gauge

Metal structure, strong and durable

Material: copper, iron, aluminum, plastic, rubber

360 degree rotatable copper head, compact design

Digital type:

Features:

LCD display with backlight for easy reading

Display units can be switched

Working current: $\leq 3\text{mA}$ (with backlight); $\leq 1\text{mA}$ (without backlight)

2*AAA Batteries

Model Selection

WYLT	Tire Pressure Gauge	
-	Type	A: pointer analog D: digital
-	Dial diameter	E.g. -100 (100mm), or -4". etc.
-	(Pressure range)	e.g. (0-10bar) or (0-1MPa) etc.
-	Connection	S: short rod L: with hose extension
-	Sub-model	Refer to below C2: customer specified

Samples

	Features		Features	Notes
	Digital display short rod Model: -60A Blue backlight/ green backlight Short rod color: Silver/ Gold		Pointer display short rod Model: -50A Dial color: white, black, or luminous Short rod color: Silver/ Gold	Gross weight: 180g Box size: 135 * 90 * 40mm Accessories: plastic valve cap * 4, instruction manual
	Digital display hose Blue backlight/ green backlight Hose: silver/gold Model: -60B: ordinary clamp hose -60C: angle type hose -60D: brass sealing clamp (silver, red or black braided tube)		Pointer display hose Dial color: white, black, or luminous Hose: silver/gold Model: -50D: brass sealing clamp (silver, red or black braided tube)	Gross weight: 280g Box size: 200 * 110 * 40mm Accessories: Plastic valve cap * 4, instruction manual
